Welcome from the President

Welcome to all of our competitors but, both local and international, but especially to our overseas exhibitors, as we know the effort and expense that it takes for you to come to the Bermuda dog shows and we appreciate it very much.

We also welcome to Bermuda our distinguished judges. The Whitney's are no strangers to Bermuda as they first came here as handlers, and then as judges as far back as 2002. This is the first visit to Bermuda for the Shoreman's, apart from refueling at L F Wade International airport once. We hope you get to see a little more of our beautiful island this time.

Due to Hurricanes Fay and Gonzalo the October 2014 shows were postponed and held in April 2015. Our numbers were down a little because many of our exhibitors had conflicts but, all in all, they went very well - however the weather gods did return and give us one very wet day.

The Show Committee has now worked twice as hard to put on these shows. On behalf of The Bermuda Kennel Club, I would like to thank the Committee and all the other volunteers for a job well done.

All of the clubs are run by volunteers, without them none of the Bermuda Shows and Trials would be possible. Thank you all.

Somersfield Academy has opened their grounds to us again which we also appreciate.

Once again these conformation shows are Crufts qualifiers. The Group Winners, Best Puppy in Show and Best Veteran in Show will qualify for Crufts 2016.

The next shows will be held 22nd & 23rd October 2016 and we hope to see you again then!

Have a great show, good luck to everyone & remember we all take the best dog home.

The points required for the award of a Bermuda Championship may be accumulated from one show to another. These points shall not be in addition to but inclusive of, the points previously won in the Breed. The Best Dog in Show shall be awarded the highest point rating of the Show. The maximum number of points awarded in any one Show shall be five (5).

Rating applies to each sex.

Scale of Points 1 2 3 4 5

All Breeds 1 2 3 5 7

Points are based on the number of dogs present

Only dogs entered in the Official Classes will be counted as being present for the purpose of Championship ratings but additional points in accordance with the points scale will be awarded for any Champions of Record subsequently defeated directly or indirectly in Best of Breed or Best of Opposite Sex Competition. In computing the Championship Points for a Breed Class, a dog that is disqualified or excused during judging shall not be counted as being present at the Show. BKC rules Ch. 7, Sec. 2

Breed Classification

Dogs may be entered in any of the following classes for which they are eligible:

1. **Puppy Class 6-9 months:** Champions in any country excluded.
2. **Puppy Class 9-12 months:** Champions in any country excluded.
3. **Puppy Class 12-18 months:** Champions in any country excluded. To be eligible for Best Puppy Awards, puppies must be entered in the Puppy Classes. Puppies entered in the Junior & Senior Puppy Classes must be within the age limit on the day of the Show.
4. **Novice Class:** for dogs which have not, prior to the date of closing of entries, been awarded one or more points toward their Bermuda Championship title. Champions in any country excluded.
5. **Bred By Exhibitor Class:** for dogs owned wholly or in part and handled in the ring, by the person or the spouse of the person who was the Breeder or one of the Breeders of Record. Champions in any country excluded.
6. **Open Class:** for dogs whose owners have not been notified officially by the Bermuda Kennel Club that the dog has earned the required number of points, under the conditions prescribed in Ch. 7, Sec. 1, for the award of a Bermuda Championship. Champions of record in any other country must be entered in this class.
7. **Best of Breed Competition:** Bermuda Champions of record only shall be entered in this competition. Bermuda Champions that are over 7 years old and have been spayed or neutered may be entered in Best of Breed Competition.

Transfer of entry to Best of Breed competition

Note: BKC rules Ch. 11, Sec. 10. Where, according to the records of its owner or handler, a dog entered in a Show or a series of Shows has completed the Points Requirements for its Championship after the closing of entries, but this has not yet been confirmed by the Bermuda Kennel Club, the dog may, upon request to the Show Superintendent, be transferred from the Official Classes entered, to Best Of Breed competition. Such request must be made on a transfer of entry form provided by the Bermuda Kennel Club, and must be filed with the Show Superintendent not less than one half hour prior to the start of all judging at the subsequent Show(s) of the series. Should the owner or handler be mistaken in computing the dog's points and the dog compete in Best Of Breed competition before it actually has the required points, any wins at that show(s) will be automatically canceled. No dog may otherwise be transferred to another class.

 Group Third - 2 points, and Group Fourth - 1 point

Unofficial Classes

The calculations for the Best Bermuda Bred, Best Puppy, Best Locally Owned, Best Veteran, Best Spayed or Neutered and Best Brace Awards are based on the total number of wins in these respective classes. Group I: Sporting Breeds

Naturally active and alert, Sporting dogs make likeable, well-rounded companions. Members of the Group include pointers, retrievers, setters and spaniels. Remarkable for their instincts in water and woods, many of these breeds actively continue to participate in hunting and other field activities. Potential owners of Sporting dogs need to realize that most require regular, invigorating exercise.

Group II: Hound Breeds

Most hounds share the common ancestral trait of being used for hunting. Some use acute scenting powers to follow a trail. Others demonstrate a phenomenal gift of stamina as they relentlessly run down quarry. Beyond this, however, generalizations about hounds are hard to come by, since the Group encompasses quite a diverse lot. There are Scottish Deerhounds, Norwegian Elkhounds, Salukis and Beagles, among others. Some hounds share the distinct ability to produce a unique sound known as baying. You'd best sample this sound before you decide to get a hound of your own to be sure it's your cup of tea.

Group III: Working Dogs

Dogs of the Working Group were bred to perform such jobs as guarding property, pulling sleds and performing water rescues. They have been invaluable assets to man throughout the ages. The Doberman Pinscher, Siberian Husky and Great Dane are included in this Group, to name just a few. Quick to learn, these intelligent, capable animals make solid companions. Their considerable dimensions and strength alone, however, make many working dogs unsuitable as pets for average families. And again, by virtue of their size alone, these dogs must be properly trained.

Group IV:
Terrier Breeds

People familiar with this Group invariably comment on the distinctive terrier personality. These are feisty, energetic dogs whose sizes range from fairly small, as in the Norfolk, Cairn or West Highland White Terrier, to the grand Airedale Terrier. Terriers typically have little tolerance for other animals, including other dogs. Their ancestors were bred to hunt and kill vermin. Many continue to project the attitude that they're always eager for a spirited argument. In general, they make engaging pets, but require owners with the determination to match their dogs' lively characters.

Group V: Toy Dogs

The diminutive size and winsome expressions of Toy dogs illustrate the main function of this Group: to embody sheer delight. Don't let their tiny stature fool you, though, many Toys are tough as nails. If you haven't yet experienced the barking of an angry Chihuahua, for example, well, just wait. Toy dogs will always be popular with city dwellers and people without much living space. They make ideal apartment dogs and terrific lap warmers on nippy nights. (Incidentally, small breeds may be found in every Group, not just the Toy Group.

Group VI: Non-Sporting Breeds

Non-sporting dogs are a diverse group. Here are sturdy animals with as different personalities and appearances as the Chow Chow, Dalmatian, French Bulldog, and Keeshond. Talk about differences in size, coat, and visage! Some, like the Schipperke and Tibetan Spaniel are uncommon sights in the average neighborhood. Others, however, like the Poodle and Lhasa Apso, have quite a large following. The breeds in the Non-Sporting Group are a varied collection in terms of size, coat, personality and overall appearance.

Group VII: Herding Dogs

The Herding Group, created in 1983, is the newest AKC classification; its members were formerly members of the Working Group. All breeds share the fabulous ability to control the movement of other animals. A remarkable example is the low-set Corgi, perhaps one foot tall at the shoulders, that can drive a herd of cows many times its size to pasture by leaping and nipping at their heels. In general, these intelligent dogs make excellent companions and respond beautifully to training exercises
